The Mediterranean Villas Homeowners Association
Pasco, Washington

Report on the Financial Statements

We have audited the accompanying financial statements of The Mediterranean Villas Homeowners Association, which comprise the Balance Sheet as of December 31, 2014, and the related Statement of Changes in Fund Balances, Statement of Revenues and Expenses and Statement of Cash Flows for the year then ended and the related notes to the financial statements.

Association's Responsibility for the Financial Statements

The Association is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Mediterranean Villas Homeowners Association as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter - Required Supplementary Information

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. We have not applied procedures to determine whether the funds designated for future repairs and replacements are adequate to meet such future costs because that determination is outside the scope of our audit.

Accounting principles generally accepted in the United States of America [GAAP] require that the Supplementary Information on Future Major Repairs be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting and for placing the basic financial statements and related notes in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Mediterranean Villas Homeowners Association

Notes to the Financial Statements
December 31, 2014

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

The Mediterranean Villas Homeowners Association was incorporated September 19, 2002 in the state of Washington as a nonprofit corporation. The Association is responsible for the operation and maintenance of the common property. This is a planned residential development located in Pasco, Washington that is still in build out. At full build out there should be 229 units. As of December 31, 2013 there were 219 units.

Accounting Method

The Association prepares its statements on the accrual basis of accounting whereby income and expenses are recognized when earned and incurred. Fund accounting is employed to properly account for the monies. The Operating Fund is used to pay for all utility, insurance, general maintenance, landscaping, and administrative obligations of the Association. The Replacement Fund has been established to meet the replacement and major repair obligations of the Association with regard to the common area components.

Capitalization Policy

Replacements and improvements to the real property are not capitalized on the books of the Association as the Board does not have the right to sell the common areas and keep the proceeds. Property and equipment acquired by the Association are recorded at cost. The property is depreciated over its estimated useful lives using the straight line method of depreciation. There is no capitalized property at the end of the year.

Assessments Receivable

Association members are subject to assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessments receivable at the balance sheet date represent fees due from unit owners. The Association's Declaration provides for various collection remedies for delinquent assessments including the filing of liens, foreclosing on the unit owner, and obtaining judgment on the assets of the unit owner. The Association uses the allowance method to account for uncollectible assessments receivable.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash, including Interest Bearing Deposits

For purposes of the statement of cash flows, Cash, including Interest Bearing Deposits, includes cash on hand, funds on deposit with financial institutions, and investments with original maturities of three months or less.

Date of Review

In preparing the financial statements, the Association has evaluated events and transactions for potential recognition or disclosure through the date of the audit report, which is the date that the financial statements were available to be issued.

The Mediterranean Villas Homeowners Association

Notes to the Financial Statements
December 31, 2014

NOTE 2 - REPLACEMENT FUNDING PROGRAM

The Association is currently funding replacement reserve accounts for the future major repair and replacement of Association common areas as disclosed in Note 1. Accumulated funds are held in separate accounts and are generally not available for operating purposes. The funding is based upon a professional reserve study approved by the Board of Directors.

There were significant changes between the Required Supplementary Information presented in the prior audit and in the current audit. There was an increase of estimated exterior painting costs of \$37,000 in total cost. Remaining useful life stayed consistent. These changes have been approved by the Board of Directors.

Funds are being accumulated in the Replacement Fund based on estimates of future needs for repairs and replacements of common property components. Actual expenditures may vary from the estimated future expenditures, and variations may be material. Therefore, the amounts accumulated in the Replacement Fund may not be adequate to meet all future needs for major repairs and replacements. If additional funds are needed, the Association has the right, subject to certain legal limitations, to increase assessments, pass special assessments, or delay replacement if these funds are found to be inadequate for all future costs.

NOTE 3 - FEDERAL INCOME TAXES

Associations may be taxed either as homeowners associations or as regular corporations. For the current year the Association elected to file as a homeowners association using form 1120-H under Internal Revenue Code Section 528. Under that Section, the Association is not taxed on income and expenses related to its exempt purpose, which is the acquisition, construction, management, maintenance and care of Association property. Net nonexempt function income which includes interest, user fees and revenues from non-members is taxed at 30%. Certain expenses were allocated to offset a portion of the taxable income.

The Association's federal tax return is subject to audit by the Internal Revenue Service. The tax returns for the current and prior two fiscal years remain open for examination by the IRS. In evaluating the Association's tax positions and accruals, the Association believes that its estimates are appropriate based on the current facts and circumstances.

NOTE 4 - OWNERS' ASSESSMENTS

Monthly assessments to owners were \$100. Of this amount, a portion was designated to the Replacement Fund.

The annual budget and owners' assessments are determined by the Board of Directors, within certain restrictions. The Association retains excess operating funds at the end of the year, if any, for use in future operating periods.

The Mediterranean Villas Homeowners Association

 Supplementary Information on Future Major Repairs
 and Replacements
 (Unaudited)

A level 3 reserve study without inspection was prepared on September 29, 2014 by J2 Building Consultants, Inc. beginning August 1, 2014 to estimate the remaining useful lives and the replacement costs of the components of common property. The estimates were based on current estimated replacement costs. Funding requirements consider an annual inflation rate of 2.0% and interest of 0.53%, net of taxes, on amounts funded for future major repairs and replacements. The following table is based on the study and presents significant information about the components of common property.

Component	Estimated Remaining Useful Life in Years	Estimated Current Replacement Costs	Fund Balance at Year End
Amenities			
Signage - Repair/Renew Allowance	8	\$ 2,550	
Exterior Lighting Replacement Allowance	10	2,050	
Palazzo Interior Paint	10	2,700	
Palazzo Heat Pump Replacement	20	3,675	
Palazzo Appliance Replacement	15	1,325	
Replace Palazzo Light Fixtures and Fans - Allowance	15	825	
Palazzo Kitchen and Bath Refurbish	25	3,575	
Palazzo Window Glazing Replacement Allowance	20	1,550	
Mail Box Replacement Allowance 1	20	3,050	
Mail Box Replacement Allowance 2	30	1,050	
Hot Water Tank Replacement - Palazzo	10	600	
RV Storage Repair Allowance - Gate/Grading	6	1,550	
Roads and Curbs			
Emulsion Coat and Strip Parking Areas	7	5,510	
Curb Replacement Allowance 1	20	2,050	
Curb Replacement Allowance 2	20	2,050	
Curb Replacement Allowance 3	28	2,050	
Grounds			
Plant Replacement/Trimming	5	12,750	
Irrigation Repairs - Valves/Timers	7	13,250	
Fencing Repair Allowance	3	1,550	
Replacement of Wood Fencing	25	58,800
